Resolution No. 3, Pollution of Waters:

RESOLVED, in view of the fact that this nuisance is largely controllable, the International Association of Game, Fish and Conservation Commissioners in conference assembled urges the prompt adoption by the proper authorities of suitable measures for stopping the pollution of the waters of this continent whether inland, coastal or pelagic, and further urges that such action as may be necessary respecting oil pollution of the waters of the high seas be taken by mutual agreement between the maritime powers of the world.

The last resolution is a complimentary one:

RESOLVED, that this Association is warmly appreciative of the many courtesies extended to its members during their convention in the old city of Quebec, and hereby extends its most hearty thanks for the same, mentioning particularly in this connection His Honor the Lieutenant-Governor of the province of Quebec for his warm address of welcome, the Government of the province for its generous permission to hold the sessions in the Parliament House, to its former esteemed President, the Hon. Honore Mercier, Minister of Lands and Forests, and the Hon. Mr. Perrault, Minister of Colonization, Mines and Fisheries, to both of whom the delegates are indebted for the offer of a drive to the Plains of Abraham and the Quebec bridge, unavoidably cancelled on account of the rain; for invitations to the banquet at the Chateau Frontenac tonight, and to the Hon. Mr. Perrault in particular for the gift of copies of the late regretted Napoleon A. Comeau's valuable work, "Life and Sport on the North Shore," as well as for his gift of complimentary fishing and hunting permits for the present season; and to the Hon. Mr. Chambers, Special Officer, Department of
